No. 1.

MIDAS OF OXFORD 5986.

Dropped July, 1877. Died 1890. Bred by Peter Le Clair, Wincoski, Vt.

Mulberry fawn; black tongue; black switch.

Sire, STOKE POGIS 1259 (846 E. H. B.), imp.
For extended pedigree see page 6.

Dam, MATILDA 3238, imp.
For extended pedigree see page 7.

Midas of Oxford 5986 was full brother to Matilda 4th 12816, who gave for her owners, Messrs. Miller & Sibley, Franklin, Pa., on moderate rations, 16,153¾ lbs. of milk for the year ending April 6, 1886, and for the same time is believed, from tests aggregating 144 days in 11 different months, to have made fully 950 lbs. of butter.

Until 1884 Midas of Oxford had been used principally on common stock, and his get have been owned generally by those who never made butter tests. All his daughters, however, so far as known, have capacious, symmetrical udders, and are remarkably large, rich and persistent milkers. One registered daughter, La Petite Mère 3d 12814, tested for butter, made 16 lbs. 9 oz. in 7 days without forcing.

Stoke Pogis 1259, imp., was also the sire of Stoke Pogis 3d, who sired 24 cows tested for butter, averaging 19 lbs. 15⅞ oz. Among these are the noted cows Mary Anne of St. Lambert 9770, 36 lbs. 12¼ oz.; Ida of St. Lambert 24990, 30 lbs. 2½ oz.; Mermaid of St. Lambert 9771, 25 lbs. 13½ oz.; Naiad of St. Lambert 12965, 22 lbs. 2¼ oz.; Niobe of St. Lambert 129o9, 21 lbs. 9½ oz.; all official records for Committee of A. J. C. C.

Rioter (746 E. H. B.) was great-grandsire of Stoke Pogis 3d and Violet 3d, who has a record of 15 lbs. 8 oz. He was grandsire of Lightsome, who sold in England for 255 guineas; Duchy 255 guineas; Milk Girl, 150 guineas; Margin, 80 guineas; and Smirk, 90 guineas. He was also grandsire of Eurotas 2454, test, 22 lbs. 7 oz.; Torfrida 3596, test 17 lbs. 6½ oz.; and Pet Guilford 3377, rate of 18 lbs. 4½ oz.

Pedlar (631 E. H. B.) was grandsire of Dolphin 2d 468, who got Clotho, Hybla, Rachel Ray (nearly 14 lbs. when 10 years old). Great-grandsire of Robinette, 14 lbs.; Miss Willie Jones, 16 lbs. 4 oz.; and Silversides, 14 lbs.

Matilda 3238 produced Matilda 4th, above mentioned, also Matilda 2d 5471, dam of Minnie of Oxford 12806, test, 16 lbs.; also Matilda 3d 12808, dam of Mintha 12812, test, 15 lbs.; also Matilda 5th 18068, test, 16 lbs. 4 oz. with first calf.

Maggie was grandam of Marjoram 3239, the dam of Stoke Pogis 3d.

The dam, grandam, great-grandam, and great-great-grandam of Matilda 3238, imp., were 17 lb. cows.

The *dam, grandam, great-grandam,* and *great-great-grandam* of Matilda 3238, imp., *were 17-lb. cows.*

Mollie Garfield 12172. The following butter-yield speaks for the quality of this cow : From March 18 to December 20, 1881, she made 546 lbs. 8 oz. of butter, an average of 60 lbs. 10½ oz. a month for 9 months. Her highest yield for a single week was June 4 to 11, when she made 21 lbs. Her grain feed never exceeded 4 quarts, half ground corn and oats and half bran twice a day. From July 1 to August 1, 1882, she gave 904 lbs. 12 oz. of milk, which produced 82 lbs. of butter. From August 1 to September 1, 1882, she gave 975 lbs. 4 oz. of milk, yielding 81 lbs. of butter. Total for the 2 months, 1,880 lbs. of milk, 163 lbs. of butter. Commencing April 9, 1883, for 140 consecutive days (20 weeks) she gave 4,417 lbs. 4 oz. of milk, yielding 384 lbs. 4 oz. of butter, an average of 19 lbs. 3½ oz. a week for 20 weeks. Her highest yield for a single week was from June 7 to 15, when she made 22 lbs. 12 oz. of butter. During the 20 weeks she gave nearly five times her own weight in milk. All above tests made for Hiram Schutt, Port Gibson, N. Y., and F. S. Peer, Mount Morris, N. Y. She produced Dolly Dale 16140, that tested 15 lbs. 7 oz. for Mr. Peer, and Mollie Garfield 2d 18662, 15 lbs. 14 oz. as a three-year-old, and Duchess of Manchester 20538, 14 lbs. as a three-year-old.

The *dam, grandam, great-grandam* and *great-great-grandam* of Matilda 3238, imp., *were 17-lb. cows.*

Waif of St. Lambert is pure St. Lambert; no outcross. She is of the blood elements of Mary Anne of St. Lambert, 81¼ per cent.; of Ida, Allie, Diana, and Cowslip of St. Lambert, each 56¼ per cent.; she has Stoke Pogis 3d, 37½ per cent.

Regarding **Rioter's Pride** 11694, Mrs. E. M. Jones writes: "I have had but one of his daughters to come in milk. She was a perfect type of a dairy cow, with an extra large and perfect udder. She gave at exactly two years old 14 quarts of milk a day, and tested 14 lbs. of butter in 7 days."

Girl of St. Lambert 20423, Waif's dam, was a prize winner in her class and a member of the Gold Medal Herd at Ottawa in 1884. She gave 16 quarts of milk a day with first calf for Mrs. Jones.

Lord Lisgar 1066 (son of Victor Hugo 197) was sire of the following list:

Stoke Pogis 1259, imp., was sire of Stoke Pogis 3d, who sired 24 cows tested for butter, averaging 19 lbs. 15⅞ oz., among whom were the famous Mary Anne of St. Lambert (36 lbs. 12¼ oz.) and Ida of St. Lambert (63 lbs. of milk in one day; official record 30 lbs. 2½ oz. butter in 7 days).

La Pera 2d 13404 tested 14 lbs. 8 oz. in 7 days, on grass only, with first calf.

Champion of America 1567 was sire of 18 cows reported as testing 14 lbs. to 17 lbs. 15¼ oz. each in 7 days.

Earl of Brookside 1677 was by Kago 1353 out of Kosi 3431. Kago 1353 got Massena 25732 that tested 20 lbs. 7 oz. in 7 days, 162 lbs. 4 oz. in 101 days, and 902 lbs. 3 oz. (estimated) in 380 days, all for P. P. Paddock, Malone, N. Y. Kosi 3431, tested 16 lbs. 7 oz. in 7 days at 15 years old, for W. H. Walrath, Clayton Centre, N. Y. Webster's Pet 4103, tested 14 lbs. 2 oz. for W. H. Walrath, Clayton Centre, N. Y.

Gem Pogis 36857 was by Rioter Hugo Pogis 13457 who was of pure St. Lambert blood, possessing through two crosses 37½ per cent. of the blood of Stoke Pogis 3d 2238. His dam, Niobe of St. Lambert 12969, made an official record of 21 lbs. 9½ oz. in 7 days for Committee of A. J. C. C. Orloff 3143 (twice in this pedigree) was the sire of Carrie Pogis 22568, that gave on second calf, without forcing, 219 lbs. of milk in 7 days, from which were made 15 lbs. 9 oz. of butter for V. E. Fuller, Hamilton, Ont.; and Lisgar's Ella 24992, 17 lbs. for Mrs. E. M. Jones.

Rioter's Gem 12817 has given her owner, when fresh, 18 quarts a day. Milks well up to calving; was never tested for butter. Was a member of the herd winning First Prize at N. J. State Fair, 1884. This pedigree will bear close inspection, as every bull is the sire of one or more tested cows, and every cow is either a tested cow or the dam of one or more tested cows, or both. Midas of Oxford 5986 is the sire of La Petite Mère 3d 12814, that tested 16 lbs. 9 oz. for Geo. G. Creamer, Hamilton, Mass. La Belle Petite 3472 tested 17 lbs. 8 oz. for John H. Small, York, Pa. La Petite Mère 5470, dam of La Petite Mère 3d and La Belle Petite, above mentioned, was also dam of La Petite Mère 2d 12810, 16 lbs. 7 oz. for Miller & Sibley, Franklin, Pa.

WAIF OF SHELBURNE 46481.

Dropped August 16, 1887.

Breeder, owner.

Light grey fawn; no marks; black tongue and switch.

Sire, OVER LAKE POGIS 14791.

Dam, WAIF OF ST. LAMBERT 36738.

Over Lake Pogis 14791 by Midas of Oxford 5986, full brother to Matilda 4th 12816, who gave for her owners, Messrs. Miller & Sibley, Franklin, Pa., on moderate rations, 16,153¾ lbs. of milk for the year ending April 6, 1886, and for the same time is believed, from tests aggregating 144 days in 11 different months, to have made fully 950 lbs. of butter.

Midas of Oxford's registered daughter, La Petite Mère 3d 12814, tested for butter, made 16 lbs. 9 oz. in seven days, without forcing.

Stoke Pogis 1259, imp., was also the sire of Stoke Pogis 3d, who sired 24 cows tested for butter, averaging 19 lbs. 15⅞ oz. Among these are the noted cows Mary Anne of St. Lambert and Ida of St. Lambert.

Rioter 746 E. H. B. was great-grandsire of Stoke Pogis 3d, and Violet 3d, who has a record of 15 lbs. 8 oz. He was grandsire of Lightsome, who sold in England for 255 guineas; Duchy, 255 guineas; Milk Girl, 150 guineas; Margin, 80 guineas; and Smirk, 90 guineas. He was also grandsire of Eurotas 2454, test 22 lbs. 7 oz.; Torfrida 3596, test 17 lbs. 6½ oz.; and Pet Guilford 3377, rate of 18 lbs. 4½ oz.

The *dam*, *grandam*, *great-grandam*, and *great-great-grandam* of Matilda 3238, imp., *were 17-lb. cows.*

Waif of St. Lambert is pure St. Lambert; no outcross. She is of the blood elements of Mary Anne of St. Lambert, 81¼ per cent.; of Ida, Allie, Diana, and Cowslip of St. Lambert, each 56¼ per cent.; she has Stoke Pogis 3d, 37½ per cent.

Regarding **Rioter's Pride** 11694 Mrs. E. M. Jones writes: "I have had but one of his daughters to come in milk. She was a perfect type of a dairy cow, with an extra large and perfect udder. She gave at exactly two years old 14 quarts of milk a day, and tested 14 lbs. of butter in 7 days."

Girl of St. Lambert 20423, Waif's dam, was a prize winner in her class and a member of the Gold Medal herd at Ottawa in 1884. She gave 16 quarts of milk a day with first calf for Mrs. Jones.

Dam, LA PETITE MÈRE 3d 12814.

Lady Mary 1148 was an extensive prize-winner, and milked 18 qts. to 20 qts. in flush, and had over 80 descendants that made over 14 lbs. in seven days.

Midas of Oxford 5986 was full brother to Matilda 4th 12816, who gave for her owners, Messrs. Miller & Sibley, Franklin, Pa., on moderate rations, 16,153¾ lbs. of milk for the year ending April 6, 1886, and for the same time is believed, from tests aggregating 144 days in 11 different months, to have made fully 950 lbs. of butter.

Midas of Oxford's registered daughter, La Petite Mère 3d 12814, tested for butter, made 16 lbs. 9 oz. in seven days, without forcing.

Stoke Pogis 1259, imp., was also the sire of Stoke Pogis 3d, who sired 24 cows tested for butter, averaging 19 lbs. 15⅞ oz. Among these are the noted cows Mary Anne of St. Lambert and Ida of St. Lambert.

Rioter 746 E. H. B. was great-grandsire of Stoke Pogis 3d, and Violet 3d, who has a record of 15 lbs. 8 oz. He was grandsire of Lightsome, who sold in England for 255 guineas; Duchy, 255 guineas; Milk Girl, 150 guineas; Margin, 80 guineas; and Smirk, 90 guineas. He was also grandsire of Eurotas 2454, test 22 lbs. 7 oz.; Torfrida 3596, test 17 lbs. 6½ oz.; and Pet Guilford 3377, rate of 18 lbs. 4½ oz.

The *dam, grandam, great-grandam,* and *great-great-grandam* of Matilda 3238, imp., *were 17-lb. cows.*

This pedigree will bear close inspection, as every bull is the sire of one or more tested cows, and every cow is either a tested cow or the dam of one or more tested cows, or both. La Belle Petite 3472 tested 17 lbs. 8 oz. for John H. Small, York, Pa. La Petite Mère 5470, dam of La Petite Mère 3d and La Belle Petite, above mentioned, was also dam of La Petite Mère 2d 12810, 16 lbs. 7 oz. for Miller & Sibley, Franklin, Pa.

Sire, MINNIE'S DUKE OF DARLINGTON 6934.

Dam, THANKFUL BLOSSOM 17123 **(See pages 58-59).**

Minnie's Duke of Darlington 6934 is believed to be one of the best representative bulls in service of the now noted Rioter-Stoke Pogis blood. Besides his individual excellence, he is believed to represent in his blood more noted butter and milk records than any bull living, among whom are the following:

Eurotas 2454, 778 lbs. of butter in 11 months and 6 days.
Mary Anne of St. Lambert 9770, 36 lbs. 12¼ oz. of butter in 7 days.
Europa 176, 18 quarts of milk per day.
Alphea 171, 24 quarts of milk per day, and tested for butter, on grass only, at the rate of 24½ lbs. per week.
Bomba 10330, 21¾ lbs. of butter in 7 days; half-sister to Minnie's Duke of Darlington.
Minnie of Oxford 12806, his dam, 18 quarts of milk per day, and 16 lbs. of butter per week.
Marjoram 3239, 16 lbs. of butter in 7 days.
Mattie, 17 " " "
Matilda 3238 17 " " "
Gipsy, 17 " " "
Violet 3d, 15½ " " "

As evidence of the estimation in which Minnie's Duke of Darlington is held, a one-half interest in him was sold, Fall of 1883, for $5,000 cash and a further consideration in services.

Dropped April 3, 1876.

Bred by C. E. Marsh, Evansville, Ind.

White spot on right flank; hind legs white from gambrel down.

Sire, BEL CALIPH 1432.

Dam, MAPLE DALE 2907.

The following butter-yield speaks for the quality of this cow: From March 18 to December 20, 1881, she made 546 lbs. 8 oz. of butter, an average of 60 lbs. 10½ oz. a month for 9 months. Her highest yield for a single week was June 4 to 11, when she made 21 lbs. Her grain feed never exceeded 4 quarts, half ground corn and oats and half bran twice a day. From July 1 to August 1, 1882, she gave 904 lbs. 12 oz. of milk, which produced 82 lbs. of butter. From August 1 to September 1, 1882, she gave 975 lbs. 4 oz. of milk, yielding 81 lbs. of butter. Total for the 2 months, 1,880 lbs. of milk, 163 lbs. of butter. Commencing April 9, 1883, for 140 consecutive days (20 weeks) she gave 4,417 lbs. 4 oz. of milk, yielding 384 lbs. 4 oz. of butter, an average of 19 lbs. 3½ oz. a week for 20 weeks. Her highest yield for a single week was from June 7 to 15, when she made 22 lbs. 12 oz. of butter. During the 20 weeks she gave nearly five times her own weight in milk. All above tests made for Hiram Schutt, Port Gibson, N. Y., and F. S. Peer, Mount Morris, N. Y. She produced Dolly Dale 16140, that tested 15 lbs. 7 oz. for Mr. Peer, and Mollie Garfield 2d 18662, 15 lbs. 14 oz. as a three-year-old, and Duchess of Manchester 20538, 14 lbs. as a three-year-old.
